

# Technical Data Sheet

## TYRE BLACK

### Introduction

**Tyre Black** restores the black colour of tyres and vinyl trim to a, deep luxurious black matt finish.

**Active ingredients** | Acrylic polymer, black pigment.

### Directions for use

Always wear the appropriate protective clothing and read **Safety Data** Sheet prior to use.

Wash tyres and apply **Tyre Black** with a sponge or brush.

Allow to dry, to a luxurious matt finish

### Dosage

**Multipurpose Cleaner** should be used undiluted for best results.

Product can be diluted if needed.

**Avoid** prolonged exposure on paintwork, aluminium or wood surfaces
